PROFESSIONAL SUMMARY

Product Designer / UI/UX Designer with **4 years of experience** designing user-centered digital products across web and mobile platforms. Skilled in **UX research, information architecture, user flows, wireframing, prototyping, interaction design, visual design, usability testing, and design systems**. Proficient in **Figma** and experienced in leveraging **AI-powered tools** to accelerate ideation, research, prototyping, content creation, and design workflows. Proven ability to collaborate with **product managers, developers, and cross-functional teams** to translate business requirements into scalable, accessible, and engaging product experiences. Delivered measurable impact, including **25% reduction in design turnaround time and 40% reduction in user friction** through workflow optimization and data-driven UX improvements.

CORE SKILLS

- **Product Design:** End-to-End Product Design, UX/UI Design, User-Centered Design, Design Thinking, Problem Solving
- **UX Design:** User Research, User Flows, Information Architecture, Wireframing, Prototyping, Interaction Design, Usability Testing
- **UI Design:** Visual Design, Responsive Design, Mobile & Web Design, Accessibility, Typography, Color & Layout
- **Design Systems:** Design Systems, Component Libraries, UI Patterns, Design Tokens, Reusable Components
- **Tools:** Figma, FigJam, Adobe Creative Suite, Miro
- **AI & Emerging Tools:** AI-Assisted Design, Generative AI, AI-Powered Research, Prompt Engineering, AI Prototyping, Design Workflow Automation
- **Product & Collaboration:** Product Strategy, Agile/Scrum, Stakeholder Management, Cross-Functional Collaboration, Developer Handoff
- **Optimization:** Data-Driven Design, A/B Testing, Conversion Optimization, UX Metrics, Continuous Improvement

PROFESSIONAL WORK EXPERIENCE

PRODUCT DESIGNER

Postpi Technology Private Limited | FinTech & Digital Lending

10/2023 – Present | Bengaluru

- Designed **end-to-end FinTech products and digital lending platforms** across web and mobile, translating business requirements into user-centered product experiences.
- Designed **loan application and loan origination journeys**, including customer onboarding, eligibility, KYC/eKYC, document verification, loan offers, approval, disbursement, repayment, and application tracking.
- Created **user flows, information architecture, wireframes, prototypes, and high-fidelity UI designs** using Figma.
- Designed **financial dashboards, lending portals, responsive websites, forms, account management, notifications, and transactional workflows**.
- Simplified complex **financial products and lending processes** to improve usability, accessibility, customer experience, and conversion.
- Conducted **UX research, user interviews, usability testing, competitive analysis, and data-driven UX**

improvements to identify and resolve customer pain points.

- Built and maintained **design systems, reusable UI components, interaction patterns, and design libraries** to improve product consistency and scalability.
- Collaborated with **Product Managers, Developers, Business Analysts, Compliance, Operations, and cross-functional stakeholders** throughout the product development lifecycle.
- Leveraged **AI-powered design tools and AI-assisted workflows** for ideation, research synthesis, content generation, prototyping, and design optimization.
- **Reduced design turnaround time by 25%** through streamlined workflows, reusable components, and AI-assisted design processes.
- **Reduced user friction by 40%** by optimizing loan application flows, information architecture, forms, and interaction design.
- Supported **developer handoff, design QA, responsive design, accessibility, and implementation validation** to ensure design accuracy and consistency.
- Worked within **Agile/Scrum** teams, participating in sprint planning, backlog refinement, design reviews, stakeholder presentations, and iterative product development.

UX/UI Designer

Crocus Global Services Pvt. Ltd. | E-Commerce

10/2022 - 10/2023

- Designed **end-to-end e-commerce experiences** across web and mobile, optimizing **product discovery, user engagement, usability, and conversion**.
- Created **user flows, information architecture, wireframes, high-fidelity UI designs, and interactive prototypes** using Figma.
- Designed core **e-commerce user journeys**, including product listing pages (PLP), product detail pages (PDP), search, filters, shopping cart, checkout, and payment flows.
- Improved **navigation, information architecture, and user flows** to simplify product discovery and purchase journeys.
- Designed **responsive web and mobile interfaces** using interaction design, visual hierarchy, accessibility, typography, and usability principles.
- Conducted **UX research, user interviews, usability testing, and competitive analysis** to identify user pain points and drive design improvements.
- Developed **reusable UI components, design patterns, and scalable design systems** to improve consistency across the e-commerce platform.
- Collaborated with **Product Managers, Developers, Business Analysts, and cross-functional stakeholders** throughout the product development lifecycle.
- Supported **developer handoff, design specifications, responsive behavior, and UI design QA** to ensure accurate implementation.
- Leveraged **AI-assisted design and productivity tools** for ideation, research synthesis, content generation, prototyping, and workflow optimization.

KEY FEATURED PROJECTS

Digital Lending & FinTech Platform

Postpi Technology Private Limited | Product Designer

- Designed end-to-end **digital lending and loan application experiences** across responsive web platforms.
- Designed key features including **customer onboarding, loan eligibility, KYC/eKYC, document upload, loan offers, application tracking, approval, disbursement, and repayment**.

- Created **user flows, information architecture, wireframes, prototypes, and high-fidelity UI designs** using Figma.
- Simplified complex financial workflows to create **intuitive, accessible, and conversion-focused user experiences**.
- Designed **financial dashboards, loan status tracking, forms, notifications, and transactional experiences**.
- Developed **reusable components and design system patterns** to improve consistency and scalability.
- Leveraged **AI-assisted design tools** for ideation, UX research synthesis, content generation, and rapid prototyping.
- **Reduced user friction by 40%** through optimization of loan application flows and information architecture.

E-Commerce Web & Mobile Platform

Crocus Global Services Pvt. Ltd. | UX/UI Designer

- Designed **end-to-end e-commerce experiences** across web and mobile, focusing on product discovery, engagement, usability, and conversion.
- Designed key features including **product listing (PLP), product detail (PDP), search, filters, product discovery, cart, checkout, and payment flows**.
- Created **user journeys, wireframes, interactive prototypes, and high-fidelity UI designs** using Figma.
- Improved **navigation and information architecture** to simplify product discovery and purchasing journeys.
- Designed responsive experiences across **desktop, tablet, and mobile** using usability, accessibility, interaction design, and visual design principles.
- Conducted **UX research and usability testing** to identify pain points and validate design solutions.
- Built **reusable UI components and design patterns** to support scalable product development.
- **Reduced design turnaround time by 25%** through optimized workflows, reusable components, and AI-assisted design processes.

EDUCATION & CREDENTIALS

Bachelor of Commerce (Computer Applications)

Vikrama Simhapuri University | Nellore

06/2016 - 07/2019
